

Generator STBS-150

The dimensions of the amplifier:	200x 160x 65 mm
Dimensions of the keypad (remote control):	150x 65x 25 mm
Voltage:	12V or 24V
Output power:	150W
Power consumption during standby:	approx. 50 mA
Recommended impedance:	of 6-11 Ohm speakers
Number of output channels for lights:	5
Resistance to atmospheric conditions:	NO
Variable sound tones:	6
The ability to control the lights:	YES
Night mode:	YES
Control from the keypad:	YES
Additional horn:	YES
The ability to transmit voice messages:	YES
